BOUNDLESS LEADERSHIP: A BREAKTHROUGH PROGRAM FOR WOMEN

Boundless Leadership is designed specifically addresses the needs and questions of current and emerging women leaders. Through our unique and creative approach our team will work with you to answer this question: How can I further realize my leadership potential to benefit my ambitions AND to better serve my organization?

The Boundless Leadership Program is delivered in two modules. The first module will be held on site at the Telfer Centre for Executive Leadership, and the second module will be held as an overnight retreat. Throughout the program, we will address key leadership issues and skills and cultivate a robust network of colleagues.

Each session will have a specific focus, but the program is holistic and integrated so that each session builds on the next. We will work together to practice new skills and we'll open up time for special guests who can directly address the "real life" experiences related to each topic. Peer coaching groups will support the practical application of learning between sessions.
