NAME OF ENDOWED FUND

FRANÇOIS JULIEN DOCTORAL RESEARCH SCHOLARSHIP

INTRODUCTION

After two terms as dean of the Telfer School of Management, François Julien stepped down on June 30, 2020. In his time as dean, he oversaw the creation of the PhD program in management, the expansion of Telfer's research capabilities, the development and expansion of the Financial Research and Learning Laboratory, the growth of the Centre for Executive Leadership (including a move to larger, more modern facilities in the Ottawa downtown core), the celebration of the 50th anniversary of the school and the hiring of a new generation of diverse professors and staff to lead the school into the future. He also left the school with a lasting vision of a better Canada, one in which it works to make Canada a greener, healthier, happier and wealthier place for all.

Honouring his contributions as dean, the François Julien Doctoral Research Scholarship Fund was set up to help fuel a project at Telfer that he is passionate about, the PhD program in management. This endowed award will support our outstanding PhD students and their influential research.

PURPOSE OF FUND

To support a student enrolled in the PhD in management at Telfer conducting research in any of the program's fields of specialization.
