# Discovery Grant application

## Overview

- **Deadline: November 1\*** - **internal deadlines are earlier**
- **Main components:**
  - Application for a grant
  - Research proposal
  - Samples of research contributions
  - Budget and justification
  - Canadian Common CV (CCV)
- **Submission:**
  - [Research Portal](#)

# Discovery Grant updates

## Early career researchers

- Applicants who have an independent academic position for 5 years or less at the time of submitting the notification of intent
  - Five year window adjusted for any eligible delay in research
  - All eligible leaves taken (e.g., parental, bereavement, illness of applicant or family) will now be credited as twice the amount of time taken (**New!**)
  - ECRs need to self-identify on the Research Portal at the full application stage by completing the Applicant Category module

# Discovery Grant updates

## DND supplement and NRS

### ■ DND/NSERC DG supplement

- Proposed research must fit within DND defence and security target areas

Contact: [dndsuppmdn@nserc-crsng.gc.ca](mailto:dndsuppmdn@nserc-crsng.gc.ca)

Webpage: [DND\\*/ NSERC DG supplement](#)

### ■ Northern Research Supplements (NRS)

- Updates for CY2020:
  - Boundary change: moved to the southern limit of “isolated patches of permafrost” from British Columbia to Labrador, including all of the three territories—wider area of inclusion
  - Selection criteria updated: weighted scoring applied to each criterion; more detailed feedback provided to applicants
  - Application incorporated into the Research Portal

Contact: [EnviroSciences-SciencesEnviro@nserc-crsng.gc.ca](mailto:EnviroSciences-SciencesEnviro@nserc-crsng.gc.ca)

Webpage: [Northern Research Supplements](#)

# Discovery Grant updates

## Leaves of absence

**\*\* New attachment for CY2021 \*\***

- Applicants who report an eligible leave of absence are entitled to a new attachment used to list supplemental contributions to research and to training beyond the last six years, for a period equivalent to the duration of the leave
- Supplemental contributions must be taken from the most recent active research period prior to the last six years
- Updates to the Discovery Grants program instructions for completing an application will be available in August

# Discovery Grant application Delays

- Applicant delays are recorded in the CCV, under the Employment section
- HQP delays are recorded in the HQP section of the application
- In both cases, clearly explain
  - the **duration** (i.e., start/end dates)
  - the **impact** on your research and training (e.g., dissemination of results, ability to recruit or train HQP)

# Grants competition

## Review process

### **Step 1: Merit assessment**

- Three equally weighted criteria:
  - Excellence of the researcher
  - Merit of the proposal
  - Contribution to training of highly qualified personnel (HQP)
- Uses six-point scale
  - From “exceptional” to “insufficient”

## Equity, diversity and inclusion (EDI)

### Summary: EDI with evaluation criteria

- **Excellence of the researcher**
  - Applicants are asked to describe past contributions to the promotion of equity, diversity and inclusion in the research enterprise (if they participated in this way)
- **Merit of the proposal**
  - Applicants are asked to describe consideration of sex, gender and diversity in the research design (if applicable to the field of research)
- **Contributions to the training of HQP**
  - Applicants are **required** to describe EDI considerations in their future approaches to recruitment, training and mentoring
  - Applicants are asked to describe specific actions implemented in support of EDI in their past training of HQP (if they participated in this way)

# Discovery Grant application

## Excellence of the researcher

Assessment based on achievements demonstrated over the past **six** years

- Knowledge, expertise and experience
- Quality and impact of contributions to natural sciences and engineering (NSE) research
- Importance of contributions to researchers and end-users

# **Discovery Grant application**

## **Excellence of the researcher**

**Members will assess this using information from:**

- **Most significant contributions**
- **Samples of research contributions**
  - Up to 4 attached with application within the last 6 years
- **Additional information on contributions**
  - Choices of venues, order of authors, etc.
- **CCV contributions, recognitions, activities**

# Discovery Grant application

## Excellence of the researcher

### **Most significant contributions:**

- Describe up to five most significant research contributions and highlight quality & impact
- List all types of research contributions
- Explain your role in collaborative research activities
- List all sources of support
- Give other evidence of impact

# Discovery Grant application

## Excellence of the researcher

### **CCV:**

- Recognitions (honors, prizes and awards, etc.)
- Activities (international collaborations, event administration, editorial activities, organizational review, knowledge and technology transfers, etc.)
- Memberships (service on committees)
- Contributions (publications, books, patents, etc.)

# Discovery Grant application

## Merit of the proposal

### **Assessment based on the following elements:**

- Originality and innovation
- Significance and expected contributions to NSE research
- Clarity, scope of objectives, and appropriateness of methodology
- Feasibility
- Consideration of sex, gender and diversity in the research design (if applicable to the field of research)
- Appropriateness and justification for the budget
- Relationship to other research support

# Discovery Grant application

## Merit of the proposal

Members will assess this using information from:

- **Research proposal (5 pages)**
  - List of references (2 pages)
- **Proposed expenditures and budget justification**
- **Relationship to other research support**
  - Portal section (12000 characters)
  - CIHR and/or SSHRC summary and budget pages
  - CCV research funding history (applied & held)

# Discovery Grant application

## Merit of the proposal

### Relationship to other research support

#### All grants from CIHR and SSHRC:

- Proposed ideas, objectives and expenses are entirely distinct from support **held or applied for**
- Anticipated contributions to research resulting from the DG will be distinct from the ones resulting from CIHR or SSHRC support **held or applied for**

# Discovery Grant application:

## Merit of the proposal

### Relationship to other research support

#### CIHR Foundation Grants (FG):

- DG applicants that **hold or receive funds** from a CIHR Foundation Grant must provide convincing evidence that support from DG is essential to carry out the work proposed

→ For guidance (not exhaustive):

- Could the proposed DG be supported by the FG? Could the DG be a sub-program or component of the FG program?
- Do the DG and FG have entirely distinct long-term goals? Are they entirely distinct programs of research?

# Discovery Grant application:

## Merit of the proposal

### Relationship to other research support

#### Sources *other than* CIHR and SSHRC:

- Proposed ideas and objectives can be the same
- Proposed expenses must be distinct from support **held**
- Proposed expenses may be the same for support **applied for**, however applicants must indicate that no duplication of funds will occur if all applications are successful

# Discovery Grant application:

## Merit of the proposal

### Common mistakes in addressing funds from other sources:

- CCV amounts and application information do not match or are missing
- Role in joint funding is not explained
- Funding applied for not listed or not explained
- Planned expenses are not explained or overlap
- Scanned pages from CIHR and/or SSHRC are missing
- **CIHR Foundation application not addressed in CCV or application for applicant holding or receiving funds**

# Discovery Grant application

## Subject matter eligibility

- NSERC supports research whose major challenges lie in the natural sciences and engineering (NSE), other than the health sciences
- The intended objective(s) of the research must primarily be to advance knowledge in one or more of the NSE disciplines
- Applicants should refer to:
  - [Selecting the Appropriate Federal Granting Agency](#)
  - **\*Updated\*** [Addendum to the Guidelines for the Eligibility of Applications Related to Health](#)
    - The Addendum provides examples that illustrate the eligibility of applications related to human health

# Discovery Grant application

## Merit of the proposal

- Keep in mind that two audiences read your application: expert and non-expert
- Provide a progress report on related research
- Position the research within the field and state-of-the-art
- Clearly articulate short- and long-term objectives
- Provide a detailed methodology and realistic budget
- Consider comments/recommendations you may have received for previous applications
- Integrate HQP into the proposal
- Follow research portal presentation and attachment standards

# Discovery Grant application

## Contributions to the training of HQP

**Why is NSERC asking for information about existing challenges or barriers to inclusion?**

“Achieving a more equitable, diverse and inclusive Canadian research enterprise is essential to creating the excellent, innovative and impactful research necessary to advance knowledge and understanding, and to respond to local, national and global challenges..”

*Tri-agency statement on equity, diversity and inclusion (EDI)*

# Discovery Grant application

## Contributions to the training of HQP

**Assessment is based on both**

- the **past contributions to training**, and
- the **future plans for training**

Quality **research training at all levels** are valued, including

- undergraduate students involved in research
- graduate students and postdoctoral fellows
- technicians and research associates
- other research personnel from non-academic sectors (i.e., government or industry)

# Discovery Grant application

## Contributions to the training of HQP

The evaluation group will assess this using information from

- **Application:**
  - Past contributions to HQP training
  - HQP training plan
- **CCV:**
  - Supervisory activities and contributions

# Discovery Grant application

## Past contributions to the training of HQP

**Includes three components:**

1. Training environment – **new instructions**
2. HQP awards and research contributions
3. Outcomes and skills gained by HQP

Assessment based on training over the **past six years**, 2014-2020 for the 2021 DG competition.

Focus on **quality** and **impact** of training

# Discovery Grant application

## Past contributions to the training of HQP

### 1. Training environment (1/2)

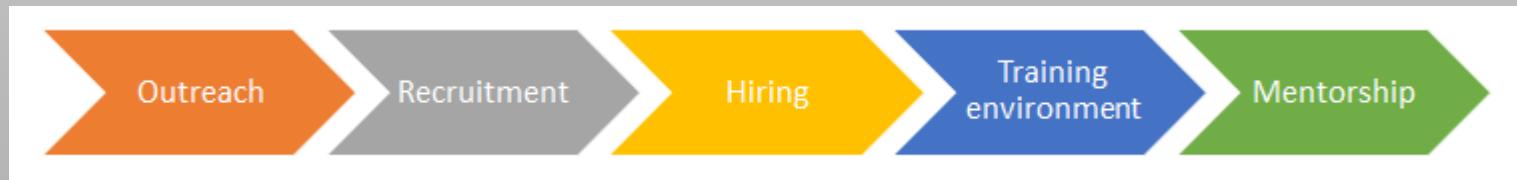

- Research training and development opportunities provided for HQP (e.g., science outreach and engagement, interdisciplinary research, promoting EDI in the NSE, collaborations, interaction with the private and public sectors)

# Discovery Grant application

## Past contributions to the training of HQP

### 1. Training environment (2/2) – **new instructions**

- **Challenges or barriers** encountered in ensuring an inclusive research and training environment (if they participated this way)
- **Specific actions** implemented to support equity and inclusion in the research training environment (if they participated this way)
  - Specific actions can occur at any stage of training
  - There is no priority or value placed on different stages
  - Applicants are not expected to participate at every stage

# Discovery Grant application

## Past contributions to the training of HQP

### 2. HQP awards and research contributions

- Awards and scholarships of individual HQP can be described **when prior consent has been given**
- HQP should be indicated in CCV using “\*” on research contributions (usually as co-authors) **when prior consent has been given**

Applicants are instructed to summarize HQP presentations in application; do not list them in the CCV.

# Discovery Grant application

## Past contributions to the training of HQP

### 3. Outcomes and skills gained by HQP

- Most significant HQP outcomes and how applicant's training contributed to HQP's success
- Successful outcome?
  - Any outcome in which the HQP has impact
  - Impact can be in the NSE or in other fields but it must be clear how skills gained in the applicant's research training environment are being used by HQP
- Note impact of eligible delays in training (those of HQP)

# Discovery Grant application

## Past contributions to the training of HQP

### Within the CCV

- With prior consent, use asterisk (\*) to identify HQP co-authors in CCV
- With prior consent, include HQP present positions in CCV (career, further studies)
- Do not select “academic advisor” in CCV

### Within the application

- Describe the nature of HQP studies and their level of involvement in your research
- Explain your role in any co-supervision
- Explain any delays in training (e.g., leaves taken by HQP)

**Early career researchers are not rated ‘Insufficient’ solely due to the lack of training record.**

# Discovery Grant application

## Future plans for training

**Include two components:**

1. Training philosophy – **new instructions**
2. Research training plan

# Discovery Grant application

## Future plans for training

1. **Training philosophy (1/2) - new instructions**
  - **Existing challenges or barriers** to inclusion and advancement of underrepresented or disadvantaged groups specific to the applicant's research context
  - **Planned approach** to promoting the participation of a diverse group of HQP, taking into account equity and inclusion in recruitment practices, mentorship approaches and initiatives aimed at ensuring an inclusive research and training environment

# Discovery Grant application

## Future plans for training

### 1. Training philosophy (2/2)

- Approach to training HQP, how do you intend to train future generation of scientists and engineers
- Details of mentoring approach
- Intellectual involvement of HQP in the research program
- Type of research training and development opportunities that will be provided

# Discovery Grant application

## Future plans for training

### 2. Research training plan

- Focus on quality, suitability and clarity of plan
- Suitability and inclusion of HQP in research program and specific anticipated projects within NSE
- Anticipated outcomes, planned future contributions to knowledge, and development of new skills or knowledge
- Value of projects for HQP
- Justification if any limitations to HQP training
- Explanation, as needed, of any planned co-supervision or collaboration

# Discovery Grant application

## Tips

- **Read other successful applications**
- **Ask colleagues and/or your RGO for comments on your application**
  - Ask both experts in your field and non-experts to review
- **Plan ahead and check institutional deadlines**
- **Use the resources available**

**2016-03-18. New Release**  
A new CCV release has successfully been deployed. Changes have been made to make it easier for researchers to enter data. Highlights are:

- In several sections of the CV, subdivisions and exact dates are no longer required.
- Most significant contributions can now be captured in the application and displayed on the PDF.
- The artistic contributions section has been enhanced with the addition of a Poetry section and an open section to capture other contributions.
- Help texts have been improved to convey more useful information and assist researchers in filling the CV.
- For added security, an improved captcha mechanism, developed by Google, has been implemented.
