Soft Funded Research Bursary (SFRB) or scholarship

- Soft funded bursaries with obligations are governed under University of Ottawa policy 110. For more information see, <https://www2.uottawa.ca/about-us/policies-regulations/policy-110a-graduate-students-holding-soft-funded-research-bursary>

Recommended annual amount:

Masters: **\$18,000 - \$20,000**

Doctorate: **\$18,000 - \$20,000**

Form for Soft-Funded Research Bursary:

[https://telfer.uottawa.ca/assets/research/documents/2016/Tools/Request-for-Bursary-form\(1\).pdf](https://telfer.uottawa.ca/assets/research/documents/2016/Tools/Request-for-Bursary-form(1).pdf)

What is the difference between a research assistantship and a soft funded student?

Research assistantships: work contract under the CUPE2626 collective agreement

- with benefits (vacation pay and annual increase) and payroll deductions (union dues and income tax)
- fixed hourly rate and a contract for a limited number of hours (max 10 hrs/week for full-time students),
- *researcher is an employer*, with an employee-employer contract for work related to professor's project
- available to full-time or part-time students

Soft funded research scholarships: awarded to graduate students

- financed by external grant funding
- *without any contractual obligations*
- *researcher is a mentor*

Soft funded research bursaries: students receive a research grant

- *conditional on the performance of a function or the execution of a project/activity*
- financed by grants paid by an external organization to a professor
- *researcher is a mentor* supervising work related to a student thesis or program requirements
- available to full-time graduate students only

Advantages of soft-funded bursaries for professors: no employer-employee contract, job posting is not required, no paid benefits or holidays

Disadvantages of soft-funded bursaries for professors: student commitment may vary, work not directly related to professor's project

Postdoctoral salary minimum \$34000/year

For more information on postdoctoral fellows at the University of Ottawa, see <https://www.uottawa.ca/graduate-studies/postdoctoral-fellows>

For more information on the status of postdoctoral fellows in policy 123, see <https://www2.uottawa.ca/about-us/policies-regulations/policy-123-postdoctoral-fellows>

Budgeting tool for Postdoctoral Fellow employees:
https://research.uottawa.ca/sites/research.uottawa.ca/files/pdf_projection_budget_tool.pdf

For the budget justification:

You can include a summary table

Summary - Personnel costs						
Personnel	Year 1	Year 2	Year 3	Year 4	Year 5	Total
Student salaries and benefits	\$	\$	\$	\$	\$	\$
Postdoctoral fellows	\$	\$	\$	\$	\$	\$
Non-student salaries	\$	\$	\$	\$	\$	\$
Sub-total	\$	\$	\$	\$	\$	\$

2. Travel costs for data collection or conference:

- Reasonable out-of-pocket travel and subsistence expenses for work that is directly dedicated to the funded project
- Reasonable conference travel costs related to the funded project
- Conference registration fees or a proportion of these fees if only part of the conference focuses on issues or topics related to the project

List of total allowable claims for travel in Canada and USA: Must be precise and give estimate/quotes. e.g. if used Air Canada Website for a quote clearly state date. Refer to following link for more information https://www.njc-cnm.gc.ca/directive/app_d/en

Expense	Per diem
Meals	breakfast, \$20.65; lunch, \$20.90; supper, \$51.25; TOTAL 110.10
Transportation	56.0 cents/km; car rental \$80, Taxis/Uber, train, airfare
Hotel	see CAUBO special rates
Incidentals	\$17.30

For the budget justification:

You can include a summary table

Travel – Data Collection/Field work (Travel to: _____)				
Travellers	Transportation	Hotel X nights	Meals X Days	Total
Principal investigator	\$	\$ /night =	\$ /day = \$	\$
Team member(s)	\$	\$ /night =	\$ /day = \$	\$

Student(s)	\$	\$ /night =	\$ /day = \$	\$
Sub-total	\$	\$	\$	\$

Travel – Applicant, Team Members & Students (Name of conference: _____)					
Travellers	Transportation	Hotel X nights	Meals X Days	Registration	Total
Principal investigator	\$	\$ /night =	\$ /day = \$	\$	\$
Team member(s)	\$	\$ /night =	\$ /day = \$	\$	\$
Student(s)	\$	\$ /night =	\$ /day = \$	\$	\$
Sub-total	\$	\$	\$	\$	\$

3. Knowledge mobilization:

- Costs of developing web-based information, website maintenance fees.
- Costs associated with the dissemination of findings (traditional venues, videos, etc...).
- Page charges for articles published (e.g. costs of publishing in an open access journal or making a journal article open access).
- Costs of preparing a research manuscript for publication.
- Translation costs associated with dissemination of findings.
- **must be precise and give estimates/quotes, provide URL**

4. Services and Miscellaneous Expenses

- Costs of membership in professional associations or scientific societies if required for the research program/project.
- Monthly parking fees for vehicles if required for field work and only for month(s) when field work was conducted.
- Translation costs and editing costs
- Professional transcribers
- Equipment (computer, software, recorders, headphones, etc)
- Data acquisition cost – polling firm, Stat Can or CIHI data access fees, Long distance call costs
- **must be precise and give estimates/quotes, provide URL**

5. How to evaluate cost of research dissemination activity or to hold team meetings

- As most meeting rooms in the Telfer School are free for Telfer professors, it is possible to enter their cost in the in-kind budget

e.g. rental of **Desmarais 4101 \$428.46 (includes \$350 + \$50 audio-visual install/dismantle + \$28.46 housekeeping)**

e.g. rental of **event room Desmarais 12102 \$700 (includes \$350 rental and next day housekeeping service),**

- Costs of holding a workshop or seminar, the activities of which relate directly to the funded research (including non-alcoholic refreshments or meal costs).

e.g. Lunch catering from **Cafe Deluxe includes sandwich, salad, desert, drink, paper plates, cups = \$20/person**
